

GREAT PACIFIC
GOLD CORP

GREAT PACIFIC GOLD CORP.

CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
(Unaudited)
(Amended and Restated)

FOR THE THREE AND NINE-MONTH PERIOD ENDED SEPTEMBER 30, 2025 AND 2024

NOTICE TO READER

The attached amended and restated condensed consolidated interim financial statements of Great Pacific Gold Corp. (the “Company”) replace the version filed on December 1, 2025. The restatement has been made to correct the accounting for certain asset dispositions and the related foreign currency and non-controlling interest effects as disclosed in Note 19.

These amended and restated condensed consolidated interim financial statements for the three- and nine-months ended September 30, 2025 replace and supersede the previously filed condensed consolidated financial statements.

The Board of Directors has approved these amended and restated condensed consolidated interim financial statements on March 10, 2026.

Supplemental disclosure with respect to cash flows (Note 16)

GREAT PACIFIC GOLD CORP.
NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the nine-month period ended September 30, 2025

(Expressed in Canadian Dollars - Unaudited)

1. NATURE OF OPERATIONS AND GOING CONCERN

Great Pacific Gold Corp. (formerly Fosterville South Exploration Ltd.) (the “Company”) was incorporated under the Business Corporations Act of British Columbia on July 22, 2019. The Company is engaged in the acquisition, exploration and development of mineral properties in Papua New Guinea (“PNG”) and Australia. The Company’s head office is located at 1020 – 800 West Pender Street, Vancouver, BC V6C 2V6. The Company is listed for trading on the TSX Venture Exchange (“TSXV”) under the symbol “GPAC”.

These amended and restated condensed consolidated interim financial statements have been prepared on the assumption that the Company will be able to continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the ordinary course of business. The Company has incurred losses since inception and for the nine-month period ended September 30, 2025 incurred a net loss of \$7,925,800 and has an accumulated deficit of \$59,130,344 at September 30, 2025. The Company expects to incur further losses in the exploration of its mineral properties.

As the Company is in the exploration stage, the Company’s ability to continue as a going concern and fund its exploration and development activity is dependent on the Company being able to draw down its current cash, maintain cost control measures and raise additional capital. The ability to continue as a going concern remains dependent on the Company’s capacity to obtain the additional financing necessary to continue to fund its mineral properties, the realization of future profitable production, proceeds from the disposition of its mineral interests, and/or other sources.

These conditions indicate the existence of material uncertainties which may cast significant doubt on the Company’s ability to continue as a going concern. These amended and restated condensed consolidated interim financial statements do not give effect to adjustments to the carrying values and classification of assets and liabilities that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. BASIS OF PREPARATION

Statement of compliance

These amended and restated condensed consolidated interim financial statements, including comparatives have been prepared using accounting policies consistent with IAS 34 Interim Financial Reporting as issued by the International Accounting Standards Board (IASB). They do not include all of the information and disclosures required for a complete set of annual consolidated financial statements and should be read in conjunction with the Company’s audited annual consolidated financial statements for the year ended December 31, 2024, prepared in accordance with IFRS Accounting Standards as issued by the IASB.

Basis of presentation

The amended and restated condensed consolidated interim financial statements have been prepared on a historical cost basis, except for financial instruments measured at fair value through profit and loss.

Consolidation

These amended and restated condensed consolidated interim financial statements include the financial statements of the Company and its controlled subsidiaries. Control is achieved when the Company has the power to, directly or indirectly, govern the financial and operating policies of an entity so as to obtain benefits from its activities. Subsidiaries are fully consolidated from the date on which control is obtained and continue to be consolidated until the date that such control ceases. Intercompany balances, transactions and unrealized intercompany gains and losses are eliminated upon consolidation. All intercompany transactions and balances have been eliminated on consolidation.

GREAT PACIFIC GOLD CORP.**NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

For the nine-month period ended September 30, 2025

(Expressed in Canadian Dollars - Unaudited)

2. BASIS OF PREPARATION (cont'd...)**Consolidation (cont'd...)**

Company	Place of Incorporation	Effective Interest	Principal Activity	Functional Currency
Currawong Resources Ltd	Australia	100%	Exploration	Australian Dollar
Bendigo Gold Corp	Canada	100%	Inactive	Canadian Dollar
Wild Dog Resources Inc	Canada	100%	Holding	Canadian Dollar
Wild Dog Resources (PNG) Ltd	Papua New Guinea	100%	Exploration	PNG Kina
Yaendal Minerals Ltd	Papua New Guinea	90%	Exploration	PNG Kina
Tinga Valley Copper & Gold Corp	Canada	100%	Holding	Canadian Dollar
Niugini Highlands Resources Ltd	Papua New Guinea	100%	Exploration	PNG Kina
Walhalla Gold Corp.	Canada	100%	Holding	Canadian Dollar

Tinga Valley Copper & Gold Corp. (“Tinga”), and Tinga’s subsidiary Niugini Highlands Resources Ltd. (“Niugini”) are included from their date of acquisition (Note 6). The Company also holds a 25% interest in Ontaga Resources Ltd. through its subsidiary Wild Dog Resources Inc. This investment is accounted for using the equity method (see Note 10 for further information).

3. MATERIAL ACCOUNTING POLICY INFORMATION

The Company’s accounting policies are the same as those applied in the Company’s consolidated financial statements for the year ended December 31, 2024. These condensed consolidated interim financial statements should be read in conjunction with the Company’s consolidated financial statements for the year ended December 31, 2024.

The Company has not early adopted IFRS 18 and amendments to IFRS 9 and is assessing the impact on presentation and related disclosures including management-defined performance measures and does not expect a material impact but will continue to evaluate effects on classification and disclosures.

Non-current assets or disposal groups are classified as held for sale when available for immediate sale and sale is highly probable. They are measured at the lower of carrying amount and fair value less costs to sell, and depreciation ceases while classified as held for sale.

A discontinued operation is a disposed component or a component classified as held for sale that represents a separate line of business or geographical area. Results are presented separately, when applicable.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The Company makes estimates and assumptions about the future that affect the reported amounts of assets and liabilities. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The effect of a change in an accounting estimate is recognized prospectively by including it in comprehensive loss in the period of the change, if the change affects that period only; in the period of the change and future periods, if the change affects both.

Critical Judgments

Information about critical judgments in applying accounting policies that have the most significant risk of causing material adjustments to the carrying amounts of assets and liabilities recognized in the consolidated financial statements within the next financial year are discussed below:

GREAT PACIFIC GOLD CORP.
NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the nine-month period ended September 30, 2025

(Expressed in Canadian Dollars - Unaudited)

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (cont'd...)

Critical Judgments (cont'd...)

Impairment of exploration and evaluation assets and investment in associate

The carrying value and recoverability of exploration and evaluation assets and the investment in associate requires management to make certain estimates, judgments and assumptions about each project. Management considers the economics of the project, including the latest resource prices and the long-term forecasts, and the overall economic viability of the project. Management has assessed these indicators and does not believe any additional impairment provision is required.

Title to mineral property interests

Although the Company has taken steps to verify title to mineral properties in which it has an interest, these procedures do not guarantee the Company's title. Such properties may be subject to prior agreements or transfers and titles may be affected by undetected defects.

Issuances of shares for properties

Management makes judgments in determining the share price attributed to issuances of shares for mineral properties. Management considers market conditions, recent or pending private placements of the Company, and or contracted terms of the issuance. Should management's judgment as to an appropriate share price be incorrect, the value attributed to properties could be materially different.

Acquisitions

The acquisition of Wild Dog, as described in Note 5, and the acquisition of Tinga, as described in Note 6, required management to make a judgment as to whether the entity constituted a business under the definitions of IFRS 3. The assessment required management to assess the inputs, processes and ability of that entity to produce outputs at the time of acquisition. Pursuant to the assessment, the acquisition was determined to be an asset acquisition.

Acquisitions – Allocation of consideration to the net identifiable assets

The acquisition of Wild Dog and Tinga required management to make significant estimates with respect to the fair value of consideration transferred, and fair value of the assets acquired, and liabilities assumed. The Company was required to make judgements regarding the allocation of the of the consideration paid to the identifiable assets (Note 5 and 6).

Key Sources of Estimation Uncertainty

The significant assumptions about the future and other major sources of estimation uncertainty as at the end of the reporting period that have a significant risk of resulting in a material adjustment to the carrying amounts of the Company's assets and liabilities are as follows:

Share-based payments

The Company measures the cost of equity-settled transactions by reference to the fair value of the equity instruments at the date at which they are granted. Estimating fair value for share-based payment transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

GREAT PACIFIC GOLD CORP.**NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

For the nine-month period ended September 30, 2025

(Expressed in Canadian Dollars - Unaudited)

5. ACQUISITION OF WILD DOG RESOURCES INC.

On September 20, 2023, the Company closed the acquisition of Wild Dog (“the WD Transaction”) pursuant to the terms of an amalgamation agreement (the “Agreement”). The Company acquired all of the issued and outstanding common shares of Wild Dog by issuing 16,161,441 common shares (“Consideration Shares”) of the Company, 1,553,679 stock options and 526,892 share purchase warrants. The WD Transaction did not meet the definition of a business combination and therefore, was accounted for as an asset purchase of mineral property interests and related net assets. The fair value of the consideration paid for the acquisition of Wild Dog has been allocated to the assets acquired and liabilities assumed, based on management’s best estimate and taking into account all available information at the time of acquisition.

The Consideration Shares were subject to contractual resale restrictions, with 33.33% being free trading on closing, 33.33% being released three months after closing, and 33.34% being released six months after closing. The value of the Consideration Shares was estimated using the Black Scholes Option Pricing Model to estimate the discount related to the lack of marketability of the Consideration Shares due to the contractual restriction. The following assumptions were used on the Black Scholes Option Pricing Model: share price \$0.51, expected life of 0.25 to 0.5 years, expected annualized volatility of 100%, risk free interest rate of 4.91% and a dividend yield of 0%.

The Company issued the following stock options and share purchase warrants on closing of the WD Transaction:

Expiry Date	Number	Exercise Price
Stock options		
August 21, 2024	376,110	\$ 0.35
February 16, 2026	1,052,928	0.70
December 8, 2026	124,641	0.70
Warrants		
December 23, 2023	526,892	\$ 0.70

The following weighted average assumptions were used for the valuation of stock options and share purchase warrants:

	Stock options	Warrants
Risk-free interest rate	4.89%	4.91%
Expected life	2.12 years	0.3 years
Annualized volatility	91.74%	102.24%
Dividend rate	0.00%	0.00%
Forfeiture rate	0.00%	0.00%

The following tables summarize the fair value of the total consideration paid and the aggregate fair value of the identified assets acquired and liabilities assumed:

GREAT PACIFIC GOLD CORP.**NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

For the nine-month period ended September 30, 2025

(Expressed in Canadian Dollars - Unaudited)

5. ACQUISITION OF WILD DOG RESOURCES INC. (cont'd...)

Purchase price	\$
16,141,441 common shares of the Company at \$0.4338 per share	7,002,024
1,553,679 stock options of the Company	343,795
526,892 share purchase warrants of the Company	22,219
Fair value of consideration	7,368,038

Net assets acquired	\$
Cash	621,407
Vehicle	24,639
Exploration and evaluation assets (Note 9)	5,341,230
Investment in Ontaga Resources Ltd. (Note 10)	2,112,402
Accounts payable and severance payments	(731,640)
	7,368,038

6. ACQUISITION OF TINGA VALLEY COPPER & GOLD CORP.

On May 17, 2024, the Company closed the acquisition of Tinga pursuant to the terms of the amalgamation agreement (the "Tinga Agreement"). The Company acquired all of the issued and outstanding common shares of Tinga by issuing 12,500,000 common shares ("Tinga Consideration Shares") of the Company.

The acquisition of Tinga did not meet the definition of a business combination and therefore, was accounted for as an asset purchase of mineral property interests and related net assets. The fair value of the consideration paid for the acquisition of Tinga has been allocated to the assets acquired and liabilities assumed, based on management's best estimate and taking into account all available information at the time of acquisition.

The Tinga Consideration Shares are subject to contractual resale restrictions, with 33.33% being released on September 17, 2024, 33.33% being released on January 17, 2025, and 33.34% being released on May 17, 2025. The value of the Consideration Shares was estimated using the Black Scholes Option Pricing Model to estimate the discount related to the lack of marketability of the Tinga Consideration Shares due to the contractual restriction. The following assumptions were used on the Black Scholes Option Pricing Model: share price \$1.08, expected life ranging from 0.33 years to 1 year, expected annualized volatility ranging from 90.98% to 100.71%, risk free interest rate of 4.19% and a dividend yield of 0%.

The Company appointed a financial advisor in connection with the transaction and issued 600,000 common shares as an advisory fee which were valued at \$648,000. The Company paid other share issuance costs of \$51,680.

6. ACQUISITION OF TINGA VALLEY COPPER & GOLD CORP. (cont'd...)

The following tables summarize the fair value of the total consideration paid and the aggregate fair value of the identified assets acquired and liabilities assumed:

Purchase price	\$
12,500,000 common shares of the Company	9,699,138
600,000 common shares issued as an Advisory Fee	648,000
Other share issuance costs	51,680
Fair value of consideration	10,398,818

Net assets acquired	\$
Cash	3,520
Exploration and evaluation assets (Note 9)	10,581,248
Accounts Payable and Accrued Liabilities	(185,950)
	10,398,818

7. MARKETABLE SECURITIES

During the period ended September 30, 2025, the Company received 6,000,000 common shares of Golden Cross Resources Inc. ("Golden Cross") with a fair value of \$900,000 (Note 9). These equity investments are classified as financial assets measured at fair value through profit and loss. Marketable securities are measured at fair value by reference to quoted stock prices listed on the TSX Venture Exchange (TSX-V), and all realized and unrealized gains and losses are recognized in profit or loss in the period they arise. During the period ended September 30, 2025 the Company sold 2,400,000 shares and recognized a gain on sale of \$306,448. As at September 30, 2025, the Company had 3,600,000 shares and the marketable securities had a fair value of \$2,628,000 and accordingly, the Company recognized an unrealized gain of \$2,088,000. As at September 30, 2025, the Company owns 9.9% of Golden Cross and does not have significant influence over Golden Cross.

9. EXPLORATION AND EVALUATION ASSETS

Papua New Guinea Projects

On September 20, 2023, the Company acquired Wild Dog Resources Inc (Note 5) and on May 17, 2024, the Company acquired Tinga Valley Copper & Gold Corp (Note 6). Wild Dog has option agreements to acquire three projects, the Wild Dog project, the Arau project (Note 10), and the Kesar Creek project (together “the Projects”). The Projects are comprised of multiple exploration licensees (EL’s) covering approximately 2,166 square kilometers. Tinga holds a 100% interest in the Tinga Valley Project.

The Wild Dog Project

The Wild Dog Project consists of EL 2516 and EL 2761, totaling 1422 square kilometers, which are located on the island of New Britain, Papua New Guinea, and are approximately 50 km southwest of Rabaul and Kokopo, Papua New Guinea.

Wild Dog applied for and received EL 2761, which is contiguous and situated to the west and north of EL 2516, located on the eastern portion of New Britain island in PNG.

Wild Dog entered into three agreements to acquire its interest in EL 2516, which was granted on April 22, 2024:

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)

The Wild Dog Project (cont'd...)

1) Munga River Option Agreement

Wild Dog entered into an option agreement dated December 19, 2019, as amended on August 31, 2023, between Wild Dog and Munga River Limited ("Munga River"). Pursuant to the agreement, the Company may acquire up to a 100% interest in EL 2516 in stages.

To acquire and maintain an initial 80% interest in EL 2516 the Company is required to pay and issue:

- (i) \$25,000 within 20 business days following the notification of grant of EL 2516 (paid)
- (ii) \$275,000 within 10 business days following the issuance of EL 2516 (paid);
- (iii) \$550,000 in shares within 10 business days following the issuance of EL 2516, at a price equal to the lesser of (a) the price of the last financing and (b) the closing price of the common shares immediately prior to license issuance (issued 491,071 common shares);
- (iv) \$250,000 within 20 business days following renewal of EL 2516; and
- (v) \$250,000 in shares within 30 business days following the 36-month anniversary of the renewal of EL 2516.

In order to acquire and maintain an additional 20% interest (for an aggregate 100% interest) in EL 2516, the Company is required to pay and issue:

- (i) \$700,000 on or before October 29, 2027;
- (ii) \$300,000 in shares on or before October 29, 2027;
- (iii) \$1,400,000 on or before November 14, 2029; and
- (iv) \$600,000 in shares on or before October 31, 2029.

Unless otherwise described, the shares described above will be issued at the volume-weighted average price ("VWAP") for the 20 trading days immediately prior to the date of each such share issuance.

Upon the Company acquiring an 80% interest, the Company will grant a 2% net smelter return royalty ("NSR") in respect of EL 2516. The Company may purchase one-half (1%) at any time prior to the commencement of commercial production with the payment and issuance of:

- (i) \$625,000; and
- (ii) \$625,000 in shares at a price per share equal to the 30-day VWAP.

The Company was also required to issue \$150,000 in shares (issued 133,929 common shares) on the grant of EL 2516 to a third party at a price equal to the lesser of (a) the price of the last financing and (b) the closing price of the common shares immediately prior to license issuance;

2) The Aphrodite Agreement

Wild Dog entered into an agreement dated December 19, 2019, as amended August 31, 2023, (the "Aphrodite Agreement") with Empire Exploration Pty Ltd and the trustee of the Aphrodite Trust ("Aphrodite"), whereby Aphrodite agreed to withdraw all legal claims relating to its 10% interest in the historic tenement. As at September 30, 2025, the Company now holds 100% interest. Pursuant to the Aphrodite Agreement, the Company is required to pay:

- (i) \$112,500 within 10 business days following the grant of EL 2516 (paid);
- (ii) \$10,000 within 30 business days following the grant of the EL 2516 (paid); and
- (iii) \$122,500 on or before May 6, 2025 (paid).

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)

The Wild Dog Project (cont'd...)

3) The New Guinea Gold Ltd Agreement

Wild Dog entered into an agreement dated May 30, 2022, as amended August 31, 2023, (the “NGGL Agreement”) with New Guinea Gold Ltd (“NGGL”) (in liquidation), whereby NGGL agreed to withdraw all legal claims relating to the historic tenements. Pursuant to the NGGL Agreement, the Company is required to pay and issue to NGGL’s liquidator:

- (i) \$30,000 within 20 business days following the notification of the grant of EL 2516;
- (ii) \$325,000 within 20 business days following the grant of the EL 2516; and
- (iii) \$400,000 in shares of the Company at the market price of the Company’s shares immediately preceding the share issuance, on the grant of EL 2516.

As of the date hereof, the Company has not made the above payments. The Company continues to hold EL 2516 in good standing and remains in discussions with NGGL’s liquidator regarding the timing of settlement of the outstanding obligations. Management has considered the outstanding obligations under NGGL Agreement as a potential indicator of impairment and has concluded that no impairment is required as at September 30, 2025 as the Company continues to have legal right to explore the property and intends to settle the outstanding amounts.

The Kesar Project

The Kesar Project consists of EL 2711, comprising 130 square kilometers, and is located in Kainantu region, Eastern Highlands Province, Papua New Guinea.

Wild Dog entered into a project and investment agreement dated April 5, 2023 (the “Project and Investment Agreement”) with a PNG individual (the “Kesar Vendor”) and Yaendal Minerals Limited (“Yaendal”), pursuant to which the Company paid \$400,000 during the year ended December 31, 2024 and acquired a 90% interest in Yaendal, a Papua New Guinea company, which holds EL 2711.

Pursuant to the Project and Investment Agreement, the Company will also pay and issue:

- (i) 640,295 common shares within 20 business days following the grant of the EL 2711 (issued with a fair value of \$364,968); and
- (ii) \$5,000 in cash per month to Thomas’ consulting company for a period of six (6) years following the execution of the Project and Investment Agreement (paid to date).

At any time after the completion and publication of a definitive feasibility study and after written receipt of the first renewal of the grant of the EL 2711 pursuant to ELA 2711, the Company shall have the right to purchase all or any portion of the remaining shares in Yaendal held by the Kesar Vendor at a price equal to the mid-point of a range of an independent valuation by an independent accountant. Up to 80% of this is payable, at the election of the Company, in Great Pacific shares at a price equal to at the VWAP for the 20 trading days immediately prior to the date of such share issuance.

The Company will be solely responsible for funding exploration activities and other expenditures at the Kesar Project. Yaendal will be required to repay to the Company 100% of the earnings or dividends that the Kesar Vendor would be entitled to receive until such time as the amounts so received equal the aggregate amount of expenditures incurred by the Company that would have been payable by the Kesar Vendor.

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)

The Tinga Valley Project

The 100% owned Tinga Valley Project consists of EL 2720, totaling 347 square kilometers, in Papua New Guinea (Note 6).

Victoria, Australia Projects

During the year ended December 31, 2019, the Company acquired a 100% right, title and interest in and to certain Victoria properties in Australia, through the acquisition of Currawong. Subsequently, it also acquired the Blackwood Project, Beechworth Project, Moorombol, Walhalla and Everton project under the Currawong subsidiary (collective as the "Victoria Properties").

As at September 30, 2025, the Company has divested substantially all of the Victoria Properties including the Golden Mountain Project, the Providence and Reedy Creek Projects, the Lauriston Gold Project, the Everton Project and has filed additional exploration license applications in Victoria, Australia. The Company is in the process of spinning out its remaining Victorian Property, Walhalla, in a transaction expected to be completed prior to December 31, 2025.

Providence and Reedy Creek

During the year ended December 31, 2024 the Company entered into an agreement to sell the Providence and Reedy Creek projects to Zincore Metals Corp. ("Zincore") in consideration for:

- (i) \$500,000 within five days of signing the agreement (received during the year ended December 31, 2024);
- (ii) \$500,000 on closing of the transaction (received);
- (iii) Six million shares in Zincore on closing (received and valued at \$900,000). The six million shares were issued by Zincore Metals Inc., which subsequently changed its name to Golden Cross Resources Inc. during the period. These shares are recorded as marketable securities (see Note 7).;
- (iv) \$1-million cash on publishing of a National Instrument 43-101 resource estimate with greater than one million ounces of gold and/or gold equivalent in measured, indicated and inferred resources;
- (v) \$2-million cash on commercial production of gold dore or concentrate from the tenements.

During the year ended December 31, 2024 the Company reallocated the acquisition costs of \$85,320 to assets held for sale and recognized a liability of \$500,000. During the period ended September 30, 2025 the Company recognized a gain on sale of exploration assets of \$1,814,680.

As at September 30, 2025, no amount has been recognized in respect of the contingent milestone payments in (iv) and (v), as the milestones had not been achieved as of period end. The Company will recognize amounts, if any, when the relevant milestones are achieved and the consideration becomes realizable/measurable.

(Expressed in Canadian Dollars - Unaudited)

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)

Golden Mountain

During the first quarter of the nine-month period ended September 30, 2025, the Company entered into a binding purchase and sale agreement to sell its Golden Mountain Project, in Victoria, Australia, to Adelong Gold Ltd (“Adelong”). Under the terms of the agreement, Adelong will:

- a. Pay AUD\$350,000 (received \$312,673); and
- b. Issue AUD\$350,000 worth of shares within 6 months of closing at a price based on the five-day volume-weighted average at the time of issue

The Company also received \$26,079 on signing a non-binding LOI, which was subsequently terminated, which is included in gain on sale of exploration assets.

During the nine-month period ended September 30, 2025, the Company completed the sale of its Golden Mountain Project to an arm’s length party. As a result, exploration and evaluation assets with a carrying amount of \$179,621 were derecognized and included in the calculation of gain on sale of exploration assets in the statement of loss and comprehensive loss.

Lauriston

During the first quarter of the nine-month period ended September 30, 2025, the Company entered into a tenement sale deed to sell its Lauriston project to Adelong, which closed during the period. Under the terms of the agreement, Adelong will:

- a. Pay AUD\$500,000 in cash (received \$439,050);
- b. Issue AUD\$750,000 worth of shares on closing at a deemed issue price of AUD\$0.005 per share (received subsequent to period end);
- c. Pay AUD\$1,000,000 within six months of closing;
- d. Pay AUD\$500,000 within 12 months of closing;
- e. Pay AUD\$500,000 within 18 months of closing;
- f. Issue AUD\$750,000 worth of shares within 12 months of closing; and
- g. Pay AUD\$2,000,000 within 30 days of the first gold being poured at the Lauriston project and the Company will retain an uncapped 2-per-cent net smelter return royalty on the Lauriston project.

On July 25, 2025, the Company entered into a binding assignment agreement with an arm’s-length investor to assign its rights (of Golden Mountain and Lauriston) to the future consideration under the original sale agreements for AUD\$2,058,000 (\$1,831,144). In connection with this assignment, the transaction is closed, and the Company has no further rights or obligations related to the original sale agreements. As at September 30, 2025, the sale was completed and the Company derecognized \$932,815 of assets held for sale. The Company incurred a success fee payable of \$500,000 on the transaction.

Blackwood Project

During the year ended December 31, 2023, the Company entered into property acquisition agreements with Blackwood Gold Mines PTY Ltd. (“Blackwood Gold”) and Cauldron Energy Ltd. (“Cauldron”) to acquire 100% of the Blackwood gold project in Victoria, Australia, held within EL5479 and PL007763. The Company acquired a 49% interest from Blackwood Gold for AUD\$294,000 and acquired a 51% interest from Cauldron for AUD\$300,000, of which AUD\$200,000 was paid on signing and AUD\$100,000 was paid during the period ended September 30, 2025. The fair value of the deferred payment was determined to be \$72,633 on the date of the acquisition using a discounted cash flow model (Note 11). During the year ended December 31, 2023 the Company paid \$429,492 (AUD\$494,000). The project

(Expressed in Canadian Dollars - Unaudited)

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)

Blackwood Project (cont'd...)

is subject to a royalty of 0.5% payable to Blackwood Gold, which the Company can repurchase for AUD\$1,000,000 subject to proportionate buy-back adjustments if the price of gold is over US\$1,915.

Beechworth Projects

During the year ended December 31, 2020 the Company entered into a property acquisition agreement with Northern Mine Ventures P/L (“Northern Mine”), under which it acquired the 36-square-kilometre Beechworth gold project in Victoria, Australia, held within EL4697 and RLA006013 by Northern Mine.

Pursuant to the terms of the 2020 agreement between the Company and Northern Mine, the Company paid CAD\$49,175 (AUD \$50,000) to Northern Mine and agreed to pay an additional AUD \$250,000 on the date that the granted Exploration Licence is converted to a Retention Licence (the application to convert to a Retention Licence has been filed but has not been converted). Northern Mine retained a 2.5% NSR, which may be repurchased with a one-time payment of AUD \$2,000,000.

During the year ended December 31, 2024 the Company elected to terminate the agreement with Northern Mine and consequently wrote-off acquisition costs of \$45,177.

Moormbool, Avoca and Timor Projects

During the year ended December 31, 2020 the Company entered into a purchase agreement with Mercator Gold Australia Pty. Ltd. (“Mercator”), a subsidiary of Alternative Investment Market-listed ECR Minerals PLC, whereby it acquired a 100% interest in three high-grade gold projects called the Timor project, the Avoca project and the Moormbool project.

During the year ended December 31, 2020, the Company spun-out the Timor and Avoca projects. During the year ended December 31, 2024, the Company elected to terminate the agreement and surrender the Moormbool project and consequently wrote-off acquisition costs of \$46,658.

Walhalla Project

The Company’s board of directors approved the distribution of the shares of a new company named Walhalla Gold Corp. (“Walhalla”) to the shareholders of the Company. Each shareholder of the Company on the reporting date will receive one share of Walhalla for each share of the Company held. Walhalla will own the Company's Walhalla Gold Project in Victoria, Australia.

As part of the spinout, the Company and Walhalla entered into a non-binding letter of intent with 1537559 B.C. Ltd. (“Finco”), an unrelated company, whereby Finco has agreed to make a payment of \$1,500,000 (\$1,500,000 received during the period ended September 30, 2025) to the Company and agreed to finance the exploration, advancement and development of the Walhalla gold project. Upon completion of the transaction, the Finco will amalgamate with the Walhalla. The Company will retain a 2% NSR on the project. As at the end of September 30, 2025, a deferred revenue of \$1,500,000 has been recorded.

The spin-out and acquisition may be subject to certain shareholder, exchange and regulatory approvals. The Company obtained all required approvals on November 27, 2025.

GREAT PACIFIC GOLD CORP.**NOTES TO THE AMENDED AND RESTATED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

(Expressed in Canadian Dollars - Unaudited)

9. EXPLORATION AND EVALUATION ASSETS (cont'd...)**Everton Project**

The Company entered into a binding purchase and sale agreement to sell its Everton project, in Victoria, Australia, to Great Plains Metals Corp (formerly Norrland Gold Corp). ("Great Plains"). Under the terms of the agreement, Great Plains will issue 2,000,000 shares five business days after the satisfaction of all conditions to the Company. Subsequent to the period ended September 30, 2025, the Company received 2,000,000 restricted shares of Great Plains Metals Corp.

Below is a summary of the changes in the exploration and evaluation assets for the period ended September 30, 2025 and the year ended December 31, 2024:

<i>Acquisition Costs</i>	Victoria Projects	PNG Projects			Total

	\$ 1,445,007	\$ 1,081,832	\$ 2,526,839

Under Australian mining laws, the Company is required to incur AUD\$15,000 plus AUD \$150 per km² in first year, AUD \$200 per km² for each of second, third and fourth year and AUD \$300 per km² for each year thereafter. The expenditure commitment per km² increases over time, but is offset by forced tenement area reductions on the second and fourth anniversary of 25% and 40% respectively.

10. INVESTMENT IN ONTAGA RESOURCES LTD

On September 20, 2023, the Company closed the acquisition of Wild Dog (Note 5) which owns a 25% interest in Ontaga Resources Ltd (“Ontaga”). The Company can earn up to 85% in Ontaga, which holds the Arau Project, as described below.

The Arau Project

The Arau Project consists of EL 2651 and EL 2715 , totaling approximately 614 square kilometers, located in the Kainantu region, Eastern Highlands Province, Papua New Guinea.

Wild Dog entered into a Share Purchase and Financing Agreement dated January 10, 2021 with PNG individual (the “Arau Vendor”) and Ontaga Resources Ltd. (“Ontaga”) pursuant to which the Company can acquire up to 85% interest in Ontaga. The Company currently holds a 25% interest and may acquire an additional 60% interest in Ontaga (up to an aggregate of 85%), by paying \$390,000 on or before the later of the renewal dates for EL 2651 or EL 2715.

Upon the Company acquiring an 85% interest in Ontaga, the Company will be solely responsible for funding exploration activities and other expenditures at the Arau Project. However, Ontaga will be required to pay to the Company 80% of earnings or dividends that the Arau Vendor would be entitled to receive until such time as the amounts so received equal the aggregate amount of expenditures incurred by the Company that would have been payable by the Arau Vendor. During the period ended September 30, 2025 the Company funded 100% of the activities of Ontaga, of which \$34,351 (December 31, 2024 - \$1,384,760), was recognized as funding of equity investment activities in the consolidated statement of loss and comprehensive loss.

12. SHARE CAPITAL**Authorized**

Unlimited common shares without par value.

Share issuances

During the period ended September 30, 2025, the Company issued 3,205,000 shares on exercise of RSUs.

On July 3, 2025, Company completed a brokered equity financing and issued a total of 37,655,200 units at a price of \$0.45 for gross proceeds of \$16,944,840. Each unit consisted of one common share and one-half of one common share purchase warrant. The Company accounts for unit offering proceeds between common shares and share purchase warrants using the residual value method; consequently, no value was allocated to the share purchase warrants. Each whole warrant entitles the holder to purchase an additional common share at an exercise price of \$0.70 for a period of three years. The Company paid agents' fees and other share issuance costs of \$1,277,971 and issued 2,259,312 broker warrants valued at \$404,417. The Company valued the broker warrants using Black-Scholes and used the following assumptions when valuing the underwriters warrants: expected volatility of 97.2%, risk free interest rate of 2.69%, life of 2 years, dividend yield of 0% and forfeiture rate of 0%. Each broker warrant entitles the holder to purchase a common share at an exercise price of \$0.45 for a period of two years.

During the year ended December 31, 2024, the Company:

- a) On December 23, 2024, the Company completed a non-brokered private placement and issued a total of 11,222,222 units at a price of \$0.45 for gross proceeds of \$5,050,000, of which \$340,000 was received subsequent to year end. Each unit consisted of one common share and one-half of one common share purchase warrant. Each whole warrant entitles the holder to purchase an additional common share at an exercise price of \$0.70 for a period of two years. The Company paid finders' fees and other share issuance costs of \$273,668 and issued 377,035 broker warrants valued at \$78,114. The Company valued the broker warrants using Black-Scholes and used the following assumptions when valuing the underwriters warrants: expected volatility of 94.82%, risk free interest rate of 3.03%, life of 2 years, dividend yield of 0% and forfeiture rate of 0%. Each broker warrant entitles the holder to purchase a common share at an exercise price of \$0.70 for a period of two years.
- b) Received \$188,298 from the exercise of 512,424 stock options.
- c) Issued 625,000 common shares following the grant of Wild Dog Project EL 2516 (Note 9) with a fair value of \$725,000.
- d) Issued 13,100,000 common shares as part of the consideration for Tinga (Note 6).

(Expressed in Canadian Dollars)

12. SHARE CAPITAL (cont'd...)

Stock Options and Warrants

The Directors of the Company adopted a stock option plan on December 12, 2019 (the "Option Plan"). The Option Plan provides that, subject to the requirements of the Exchange, the aggregate number of securities reserved for issuance will be 10% of the number of the Company's common shares issued and outstanding at the time such options are granted. Options may be granted under the Option Plan to such directors, officers, employees, management or consultants of the Company and its affiliates, if any, as the Board of Directors may from time to time designate. The Option Plan provides that the number of Common Shares that may be reserved for issuance to any one individual upon exercise of all stock options held by such individual may not exceed 5% of the issued common shares, if the individual is a director, officer, employee or consultant, or 2% of the issued common shares, if the individual is engaged in providing investor relations services, in a twelve month basis, unless disinterested shareholder approval is obtained. All options granted under the Option Plan will expire not later than the date that is ten years from the date that such options are granted. Options terminate earlier as follows: (i) immediately in the event of dismissal with cause; (ii) 90 days from date of termination other than for cause; or (iii) one year from the date of death or disability.

During the nine-month period ended September 30, 2025, the Company granted 2,098,748 (2024 – 3,215,000) stock options and recorded \$689,714 (2024 - \$2,006,990) of share-based payments expense related to stock options granted and vested in the consolidated statement of loss and comprehensive loss.

The changes in the stock options and share purchase warrants for the nine-month period ended September 30, 2025 are as follows:

	Stock Options			Warrants		
	Number	Weighted Average Exercise Price		Number	Weighted Average Exercise Price	
Balance, December 31, 2023	6,357,679	\$ 1.12		-	\$ -

Restricted and Deferred Share Units

The Company has a long-term incentive plan (“LTIP”), that permits the grant of Restricted Share Units (“RSU’s) and Deferred Share Units (collectively referred to as “Awards”) to directors, officers, employees and consultants. Under the terms of the LTIP the maximum number of Awards that can be granted is fixed at 10,022,854. Further, the maximum number of shares for which Awards and other share compensation issuable to: (i) any participant shall not exceed 5% of the outstanding shares within any one year period, (ii) a consultant shall not exceed 2% of the outstanding shares within any one year period; and (iii) insiders as a group shall not exceed 10% of the outstanding shares. No persons providing investor relations activities may be granted Awards under the LTIP. All Awards are subject to a mandatory minimum one-year vesting requirement.

During the nine-month period ended September 30, 2025, the Company granted an aggregate of 2,815,000 RSU’s (September 30, 2024 – 6,790,000) and as at September 30, 2025 the Company had 5,290,000 RSUs issued and outstanding. The RSU’s vest over periods ranging from one to two years from grant. The Company recognized \$1,079,456 (2024 - \$4,674,337) in share-based compensation related to the vesting of such RSU’s. These amounts were also recorded as contributed surplus on the statement of financial position.

13. MANAGEMENT OF CAPITAL

The Company’s objectives when managing capital are to safeguard its ability to continue as a going concern and to maintain a flexible capital structure which optimizes the cost of capital within a framework of acceptable risk. In the management of capital, the Company includes the components of shareholders’ equity.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash. The Company is dependent on the capital markets as its primary source of operating capital and the Company’s capital resources are largely determined by its

GREAT PACIFIC GOLD CORP.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

(Expressed in Canadian Dollars)

13. MANAGEMENT OF CAPITAL (cont'd...)

ability to compete for investor support of its projects. There were no changes to the Company's approach to capital management during the six-month period ended September 30, 2025.

14. FINANCIAL INSTRUMENTS

For financial instruments held by the Company, management classifies cash and cash equivalents and marketable securities as FVTPL and receivables, accounts payable and accrued liabilities, and deferred acquisition payments as amortized cost.

a) Fair value of financial instruments

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and

Level 3 – Inputs that are not based on observable market data.

As at September 30, 2025, the Company believes that the carrying values of receivables, accounts payable and accrued liabilities approximate their fair values because of their nature and relatively short maturity dates or durations. The carrying value of deferred acquisition payments approximates fair value because the factors considered in assessing the fair value of this item have not changed from the issuance date to September 30, 2025. The fair value of cash and cash equivalents is based on level 1 inputs of the fair value hierarchy.

b) Management of risks arising from financial instruments

Discussions of risks associated with financial assets and liabilities are detailed below:

Credit risk

Credit risk arises from cash and cash equivalents held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The Company's cash and cash equivalents is held with reputable Canadian and Australian banks. The credit risk related to cash and cash equivalents is considered minimal.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The risk that the Company will realize such a loss is limited because the Company has no interest-bearing financial instruments.

Liquidity risk

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents to enable settlement of transactions as they come due. Management monitors the Company's contractual obligations and other expenses to ensure adequate liquidity is maintained.

GREAT PACIFIC GOLD CORP.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
For the nine-month period ended September 30, 2025
(Expressed in Canadian Dollars)

14. FINANCIAL INSTRUMENTS (cont'd...)

b) Management of risks arising from financial instruments (cont'd...)

Contractual cash flow requirements as at September 30, 2025 were as follows:

	< 1 year \$	1 – 2 years \$	3 – 5 years \$	Total \$
Accounts payable and accrued liabilities	2,840,614	-	-	2,840,614
Total	2,840,614	-	-	2,840,614

Currency risk

The international nature of the Company's operations results in foreign exchange risk. The Company's operating costs are primarily in Canadian dollars, Australian dollars, PNG Kina and US dollars. Any fluctuations of the Canadian dollar in relation to these currencies may affect the profitability of the Company and the value of the Company's assets and liabilities. Management believes the foreign exchange risk derived from currency conversions is not significant and therefore does not hedge its foreign exchange risk.

15. RELATED PARTY TRANSACTIONS

Key management compensation consists of the Chairman, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, and the Board of Directors. The Company incurred charges to directors and officers, or to companies associated with these individuals, during the nine-month periods ended September 30, 2025 and 2024 as follows:

	September 30, 2025 \$	September 30, 2024 \$
Directors fees	81,381	81,000
Management fees	270,000	249,000
Exploration related and geological consulting fees	-	335,180
Professional fees	308,071	247,248
Professional fees included in share issuance costs	57,140	-
Rent, included in office expenses	-	13,410
Share-based payments	1,169,326	4,071,045
	1,885,918	4,996,883

As at September 30, 2025, \$114,956 (December 31, 2024 - \$242,292) was included in accounts payable and accrued liabilities owing to directors, officers, and companies controlled or affiliated with directors and officers of the Company in relation to fees, reimbursement of expenses and expense advances.

16. SUPPLEMENTAL DISCLOSURE WITH RESPECT TO CASH FLOWS

During the nine-month period ended September 30, 2025, the Company received 6,000,000 shares valued at \$900,000 as part of the sale of the Reedy Creek and Providence project.

During the year ended December 31, 2024, the Company:

- a) Issued 625,000 shares valued at \$700,000 as per the option agreement for the Wild Dog Project (Note 9),
- b) Issued 13,100,000 shares valued at \$10,347,138 as consideration for the Acquisition of Tinga (Note 6),
- c) Issued 377,035 finder's warrants valued at \$78,144, and
- d) Reclassified \$85,320 from exploration and evaluation assets to assets held for sale.
- e) Additions to exploration and evaluation assets of \$755,000 were accrued and included in accrued liabilities (see NGGL transaction in note 9).

18. SUBSEQUENT EVENTS

Subsequent to the nine-month period ended September 30, 2025, the Company:

- On October 6, 2025, the Company received 2,000,000 common shares of Great Plains Metals Corp. (formerly Norrland Gold Corp.) as full consideration pursuant to the previously announced sale of certain Everton assets. Based on the quoted market price on that date of \$0.07 per share, the shares had an estimated fair value of \$140,000, and are subject to a hold period until April 6, 2026. The receipt was in accordance with the terms of the original asset purchase agreement.
- On November 27, 2025, the Company held its special meeting of the shareholders to consider and approve the previously announced spin-out of the Company's Walhalla Project into a new subsidiary. At the meeting, the shareholders approved all resolutions relating to the spinout of Walhalla Project.
- On January 16, 2026 the Company granted 3,610,000 incentive stock options and 3,030,000 restricted share units ("RSUs") to the officers, directors, key employees and consultants of the Company. The options are exercisable at \$0.45 per share and expiring five years from the date of grant. In addition, each granted RSU entitles the holder to acquire a common share of the Company and will expire three years from the date of grant. The Options and RSUs may not be exercised until vested as follows: 50% will vest on the first anniversary and the remaining 50% will vest on the second anniversary of the date of grant.

GREAT PACIFIC GOLD CORP.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
For the nine-month period ended September 30, 2025
(Expressed in Canadian Dollars)

19. RESTATEMENT

The Company has restated its condensed consolidated interim financial statements as at September 30, 2025 and for the three and nine-month period ended September 30, 2025 to correct the following items:

a) GST Receivables and Accrued Liabilities

The Company identified an over-accrual of expenses and related Goods and Services Tax (“GST”) receivables. Certain vendor invoices and accrual estimates were recorded in the incorrect reporting period, leading to an overstatement of GST receivable, accrued liabilities, and operating expenses. The Company corrected these errors by reversing the overstated GST receivables and accrued expense balances and recognizing the related expenses in the appropriate reporting periods. In addition to the statement of financial position and interim statement of loss and comprehensive loss for the three and nine months ended September 30, 2025, the combined impact of this error resulted in an adjustment to cash flows from operating activities and cash flows from financing activities.

b) Realized and Unrealized Gains and Fair Value Adjustments

The Company identified errors in the calculation of realized and unrealized gains and losses associated with certain financial instruments and foreign exchange transactions. In addition, misstatements were identified in the fair value measurement (“mark-to-market”) of certain financial assets and liabilities. These instruments are measured at fair value in accordance with IFRS 9 *Financial Instruments*, with resulting gains and losses recognized in profit or loss. The Company corrected the calculation methodology and restated the unrealized gains and losses recognized during the three and nine months ended September 30, 2025.

c) Equipment

The Company identified errors in the depreciation calculations for certain items of property, plant and equipment (“PPE”). The errors arose from the application of incorrect useful life assumptions and/or inaccurate depreciation commencement dates. As a result, accumulated depreciation and the carrying amounts of certain PPE assets were misstated. The Company corrected the depreciation expense recognized during the period and adjusted the carrying values of the affected PPE balances accordingly.

d) Share Capital and Reserves

The Company identified errors in equity accounting, including the following:
Share issuance costs were understated as the fair value of broker warrants issued in connection with certain share issuances had not been recognized. Certain share issuance costs were overstated, including amounts recorded through both exchange reporting and direct accounting entries. Certain restricted share units (“RSUs”) were incorrectly recorded within equity reserves upon vesting. The Company corrected the classification and measurement of share issuance costs and broker warrants and adjusted the RSU reserve balances to reflect the appropriate accounting treatment upon vesting.

e) Foreign Currency Translation

As a result of the above corrections, the Company recorded an aggregate foreign currency translation impact, primarily attributable to exchange differences arising on the translation of monetary assets and liabilities and equity balances denominated in foreign currencies. The corrections also resulted in a corresponding foreign exchange impact on cash presented in the condensed consolidated interim statement of cash flow.

f) Loss on Funding of Equity Investment

The Company determined that losses incurred in connection with the funding of an equity investment had been incorrectly classified within other expenses. Based on the nature and substance of the transaction, these losses should have been classified within finance costs, investment-related losses, or other appropriate line items. Accordingly, the Company reclassified the loss from other expenses to the appropriate line item within the condensed consolidated interim statement of loss and comprehensive loss. This reclassification had no impact on total net loss.

GREAT PACIFIC GOLD CORP.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
For the nine-month period ended September 30, 2025
(Expressed in Canadian Dollars)

19. RESTATEMENT (cont'd...)

g) Exploration and Evaluation Assets

During the period, the Company did not recognize revenue related to the sale of certain exploration assets for which the recognition criteria had been met. In addition, several arithmetic errors were identified in the calculation of gains and losses on the disposition of exploration assets. The Company corrected these errors and restated the related revenue, gain/loss, and asset balances accordingly.

In addition, the Company recognized an increase in exploration and evaluation assets for the settlement cost associated with the acquisition of the Wild Dog Project from NGGL (see Note 9). As at September 30, 2025, the settlement amount had not been paid and has been accrued in the consolidated statements of financial position.

h) Deficit

The corrections described above resulted (from a) to g)) in adjustments to previously reported expenses, gains and losses on financial instruments, depreciation, exploration asset transactions, and equity-related balances. The combined effect of these corrections resulted in a corresponding adjustment to the Company's accumulated deficit as at September 30, 2025.

i) Non-Controlling Interest

The Company identified that a portion of the accumulated deficit had been incorrectly presented within non-controlling interest ("NCI") in equity. In accordance with IFRS 10, non-controlling interest represents the equity in a subsidiary that is not attributable, directly or indirectly, to the parent entity. The balance in question did not meet the definition of NCI and instead related to the Company's accumulated deficit. Accordingly, the amount has been reclassified from NCI to deficit to ensure appropriate presentation within equity.

j) Cash Flow from Investing Activities

The Company identified an understatement of proceeds from the sale of marketable securities and the sale of exploration assets within cash flows from investing activities, which was corrected.

GREAT PACIFIC GOLD CORP.
